PART - E			
25.	<p>Usually behaviour follows logically from attitude but sometimes actual behaviour may be contrary of ones attitude towards an object/topic.</p> <p>There would be consistency between attitudes and behaviour.</p> <ul style="list-style-type: none"> the attitude is strong and occupies a central place in the attitude system. the person is aware of her/his attitude. there is very little or no external pressure for the person to behave in a particular way. e.g. when there is no group pressure to follow, a particular norm. the persons behaviour is not being watched or evaluated by others. the person thinks that the behaviour would have a positive consequence and therefore intends to engage in that behaviour. <p>any relevant example or Richard La Piere study on a Chinese couple travelling in the USA.</p>	117	<p>1</p> <p>$\frac{1}{2}+\frac{1}{2}+\frac{1}{2}+\frac{1}{2}=2$ (any four)</p> <p>1 (1+2+1=4)</p>
26	<p>Humanistic approach to personality:</p> <p>Rogers believed that all human beings are fully - functional beings and feeling of fulfillment is the main motivational force.</p> <p><u>Basic Assumptions:</u></p> <ul style="list-style-type: none"> Behaviour is goal directed and worthwhile. All human beings have an innate tendency to choose adaptive and self actualizing behaviours. <p><u>According to Rogers there are two types of self:</u></p> <ul style="list-style-type: none"> Real Self - What I am Ideal Self - What I want to be <p>Congruence between the two leads to development of balanced integrated personality.</p> <ul style="list-style-type: none"> Unconditional positive regard develops adaptive behaviour which enhances self esteem and self efficacy to self actualize. According to Maslow everybody wants to self actualize and attain their highest potential. Focus on survival needs reduces him/her to the level of animals and focus on higher needs leads to self actualization. <p style="text-align: center;">OR</p> <ul style="list-style-type: none"> Interview Observation Situational Nomination Rating <p>(explanation of the above)</p>	46	<p>1</p> <p>1</p> <p>1 (1+1+1+1=4) (any four)</p> <p>OR</p> <p>(2+2 = 4) (any two)</p>
