Senior School Certificate Examination,2023

ECONOMICS (SUBJECT CODE – 030)

(PAPER CODE – 58/1/2)

	(PAPER CODE – 58/1/2)
Gene	eral Instructions: -
1	You are aware that evaluation is the most important process in the actual and correct assessment of the candidates. A small mistake in evaluation may lead to serious problems which may affect the future of the candidates, education system and teaching profession. To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.
2	"Evaluation policy is a confidential policy as it is related to the confidentiality of the examinations conducted, Evaluation done and several other aspects. Its' leakage to public in any manner could lead to derailment of the examination system and affect the life and future of millions of candidates. Sharing this policy/document to anyone, publishing in any magazine and printing in News Paper/Website etc may invite action under various rules of the Board and IPC."
3	Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one's own interpretation or any other consideration. Marking Scheme should be strictly adhered to and religiously followed. However, while evaluating, answers which are based on latest information or knowledge and/or are innovative, they may be assessed for their correctness otherwise and due marks be awarded to them. In class-X, while evaluating two competency-based questions, please try to understand given answer and even if reply is not from marking scheme but correct competency is enumerated by the candidate, due marks should be awarded.
4	The Marking scheme carries only suggested value points for the answers
	These are in the nature of Guidelines only and do not constitute the complete answer. The students can have their own expression and if the expression is correct, the due marks should be awarded accordingly.
5	The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. If there is any variation, the same should be zero after delibration and discussion. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.
6	Evaluators will mark($\sqrt{\ }$) wherever answer is correct. For wrong answer CROSS 'X" be marked. Evaluators will not put right ($\sqrt{\ }$) while evaluating which gives an impression that answer is correct and no marks are awarded. This is most common mistake which evaluators are committing.
7	If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the left-hand margin and encircled. This may be followed strictly.
8	If a question does not have any parts, marks must be awarded in the left-hand margin and

	encircled. This may also be followed strictly.
9	If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out with a note "Extra Question".
10	No marks to be deducted for the cumulative effect of an error. It should be penalized only once.
11	A full scale of marks 80 (example 0 to 80/70/60/50/40/30 marks as given in Question Paper) has to be used. Please do not hesitate to award full marks if the answer deserves it.
12	Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines).
13	Ensure that you do not make the following common types of errors committed by the Examiner in the past:-
14	 Leaving answer or part thereof unassessed in an answer book. Giving more marks for an answer than assigned to it. Wrong totaling of marks awarded on an answer. Wrong transfer of marks from the inside pages of the answer book to the title page. Wrong question wise totaling on the title page. Wrong totaling of marks of the two columns on the title page. Wrong grand total. Marks in words and figures not tallying/not same. Wrong transfer of marks from the answer book to online award list. Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.) Half or a part of answer marked correct and the rest as wrong, but no marks awarded. While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks.
15	Any un assessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
16	The Examiners should acquaint themselves with the guidelines given in the "Guidelines for spot Evaluation" before starting the actual evaluation.
17	Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18	The candidates are entitled to obtain photocopy of the Answer Book on request on payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme.

MARKING SCHEME

Senior Secondary School Examination 2023

ECONOMICS (Subject Code-030)

[Paper Code: 58/1/2]

Maximum Marks: 80

Q. No.	EXPECTED ANSWER / VALUE POINTS	Marks				
	SECTION -A					
	MACRO ECONOMICS					
1.	Read the following statements carefully:					
	Statement 1: Borrowings by a nation from the World Bank to finance Balance of					
	Payment (BOP) deficit will be recorded in the capital account.					
	Statement 2: Autonomous transactions are independent of the condition of Balance of					
	Payment (BOP) account.					
	In light of the given statements, choose the correct alternative from the following:					
	(a) Statement 1 is true and Statement 2 is false.					
	(b) Statement 1 is false and Statement 2 is true.					
	(c) Both Statements 1 and 2 are true.					
	(d) Both Statements 1 and 2 are false. Ans. (c) Both Statements 1 and 2 are true.	1				
2.(A)	The difference between National Income at market price and National Income at					
≝• (Љ)	factor cost is					
	(Choose the correct alternative to fill up the blank)					
	(a) net indirect taxes					
	(b) net factor income from abroad					
	(c) consumption of fixed capital					
	(d) market price	1				
	Ans. (a) net indirect taxes	_				
(B)	OR					
(-)	Identify which of the following represents only the real flow:					
	Goods and Services					
	(a) Firms Household					
	Goods and Services					
	(b) Firms Household Factor services					
	Factor payments					
	(c) Firms Household					
	Goods and Services					
	(d) Firms Household					
	Consumption Expenditure					
	Ans: (b)					
	Goods and Services					
	(Firms (Household)	1				
	Factor services					

3.	The rate at which commercial banks borrow from the Reserve Bank of India to meet	
	their long-term requirements is known as	
	(Choose the correct alternative to fill up the blank)	
	(a) Margin requirement	
	(b) Bank rate	
	(c) Repo rate	
	(d) Reverse repo rate	1
	Ans. (b) Bank rate	1
4.	Read the following news report carefully:	
	"The central bank has imposed fine on Hisar Urban Cooperative Bank Ltd. and	
	Andaman and Nicobar State Cooperative Bank Ltd. for violation of banking norms"	
	According to the given report, identify the function of the central bank.	
	(a) Issue of currency	
	(b) Banker to the public	
	(c) Banker to the Government	
	(d) Banker's Bank	
	Ans. (d) Banker's Bank	1
5.	Read the following statements carefully:	
	Statement 1: Primary deposits are the cash deposits by general public with	
	commercial banks.	
	Statement 2: Secondary deposits are those deposits which arise on account of credit	
	provided by the commercial banks to the people.	
	In light of the given statements, choose the correct alternative from the following:	
	(a) Statement 1 is true and Statement 2 is false.	
	(b) Statement 1 is false and Statement 2 is true.	
	(c) Both Statements 1 and 2 are true.	
	(d) Both Statements 1 and 2 are false.	
	Ans.(c) Both Statements 1 and 2 are true.	1
6.(A)	Suppose that, the Balance of Trade of a nation exhibits a deficit of ₹ 50,000 crore.	
0.(11)	The import of visible items are five times of the exports of visible items. The value of	
	exports of visible items would be ₹ crore.	
	(Choose the correct alternative to fill up the blank)	
	(a) 20,000	
	(a) 25,666 (b) 10,000	
	(c) 12,500	
	(d) 20,300	
	Ans. (c) 12,500	1
	OR	
	Gifts and remittances sent abroad are recorded on the side of the	
(B)	account in Balance of Payment. (Choose the correct alternative to fill up the blanks)	
	(a) credit, capital	
	(b) debit, capital	
	(c) credit, current	
	(d) debit, current	
	Ans. (d) debit, current	1
		1
7.(A)	If the value of investment multiplier = 4 and Dissaving = (-) 60, identify the correct	
	Saving function from the following:	
	(a) $S = (-)60 + 0.25 \text{ Y}$	
	(b) $S = (-)60 + 0.75 \text{ Y}$	
	(c) $S = (-)60 + 0.20 \text{ Y}$	
	(d) $S = (-)60 + 0.60 \text{ Y}$	

	Ans. (a) $S = (-) 60 + 0.25 Y$	1
	OR CONTRACTOR OF THE CONTRACTO	
	For the given Consumption function, $C = 205 + 0.9 \text{ Y}$, the value of investment	
(B)	multiplier would be (Choose the correct alternative to fill up the	
	blank)	
	(a) 0.09	
	(b) 10·0	
	(c) 0.9	
	$\begin{array}{c} (d) \ 9 \cdot 0 \\ \end{array}$	1
-	Ans. (b) 10·0	
8.	Read the following statements: Assertion (A) and Reason (R). Choose the correct	
	alternative given below:	
	Assertion (A): Before reaching the Break-Even level of income, the value of Average	
	Propensity to Consume (APC) is greater than one.	
	Reason (R): The Average Propensity to Consume (APC) is the ratio of the total	
	consumption and total income.	
	Alternatives:	
	(a) Both Assertion (A) and Reason (R) are true and Reason (R) is the correct	
	explanation of Assertion (A).	
	(b) Both Assertion (A) and Reason (R) are true, but Reason (R) is not the correct	
	explanation of Assertion (A).	
	(c) Assertion (A) is true and Reason (R) is false.	
	(d) Assertion (A) is false and Reason (R) is true.	
	Ans. (b) Both Assertion (A) and Reason (R) are true, but Reason (R) is not the	1
	correct explanation of Assertion (A).	
9.	A situation in which an able-bodied person is not willing to work at the existing wage	
	rate, is referred to as situation.	
	(Choose the correct alternative to fill up the blank)	
	(a) Full employment	
	(b) Involuntary unemployment	
	(c) Voluntary unemployment	
	(d) Disguised unemployment	1
10	Ans. (c) Voluntary unemployment	
10.	Identify which of the following equations is true. (Choose the correct alternative)	
	(a) $MPC + MPS = 0$	
	(b) $MPC + MPS = 1$	
	(c) MPC + MPS > 1	
	(d) $MPC + MPS < 1$ Ans. (b) $MPC + MPS = 1$	
	Alis. (b) WIFC + WIFS = 1	1
11.	Distinguish between 'Value Addition' and 'Final Value of Output'.	
(a)	Ans. Value Addition refers to the excess of 'Value of Output' over the 'Value of	
	Intermediate Consumption'.	11/2
	Value Addition = Value of Output – Value of Intermediate Consumption	_, _
	Whereas;	
	Final Value of output refers to the total money value of goods and services	
	produced during a given period of time.	
	Final Value of output = (Number of units produced) x (Price per unit)	11/2
	I man value of output – (rumber of units produced) A (1 fice per unit)	
	OR	
	UK	

	rina net	Value Added at Factor Cost (NVA _{FC}) using the given d	ata	
	S. No.	Particulars	Amount	
			(in ₹ crore)	
	(i)	Sale of rice in the market	58	
	(ii)	Purchase of tractor and thresher	40	
	(iii)	Procurement of rice by the government	20	
	(iv)	Self-consumption of rice during the year	15	
	(v)	Expenditure on running and maintenance of tractor	20	
		and thresher		
	(vi)	Fertiliser subsidies received from the government	3	11/
	Ans. Net	t Value Added at Factor Cost (NVA _{FC}) = $\{(i) + (iii) + (iiii) + (iii) + (ii$		11/2
		$= \{58 + 20 + 15\} - 20 + 3$	3	1 1/2
		= ₹76 crore

	SECTION B Indian Economic Development	
18	Read the following statements carefully:	
10	Statement 1: Commercialization of agriculture under the British rule was responsible	
	for frequent famines between 1875 and 1900.	
	Statement 2: During British rule, India began to export food grains.	
	In light of the given statements, choose the correct alternative from the following:	
	(a) Statement 1 is true and Statement 2 is false.	
	(b) Statement 1 is false and Statement 2 is true.	
	(c) Both Statements 1 and 2 are true.	
	(d) Both Statements 1 and 2 are false.	
	Ans. (c) Both Statements 1 and 2 are true.	1
19	Mini-hydel plants are good for the environment because:	
	(i) they generate electricity only for local areas.	
	(ii) they do not change the land use pattern.	
	(iii) they rely on the perennial streams. (Choose the correct alternative)	
	Alternatives:	
	(a) (i), (ii) and (iii)	
	(b) (ii) and (iii)	
	(c) (i) only	
	(d) (i) and (ii)	_
	Ans. (a) (i), (ii) and (iii)	1
20.(A)	Read the following statements carefully:	
	Statement 1: The purchase of food grains made by the Government on the Minimum	
	Support Price (MSP) is maintained as buffer stock.	
	Statement 2: Minimum Support Price safeguards the farmers against any sharp fall in	
	farm product prices.	
	In light of the given statements, choose the correct alternative from the following:	
	(a) Statement 1 is true and Statement 2 is false.	
	(b) Statement 1 is false and Statement 2 is true.	
	(c) Both Statements 1 and 2 are true.	
	(d) Both Statements 1 and 2 are false.	
	Ans. (c) Both Statements 1 and 2 are true.	_
	OR	1
(B)	Identify the incorrect statement from the following:	
	(a) Import substitution was the strategy used to save foreign exchange.	
	(b) License policy ensured regional equality.	
	(c) Russian economic model was the base for the Indian economic system.	
	(d) Small Scale Industries are one of the essential tools for employment generation.	1
	Ans. (c) Russian economic model was the base for the Indian economic system.	
21.	"Skill India" programme launched by the Government is not an attempt to increase	
	in India. (Choose the correct alternative to fill up the blank)	
	(a) human capital formation	
	(b) efficient utilisation of inputs	
	(c) increase in GDP growth	
	(d) inadequate spread of vocational education Ans.(d) inadequate spread of vocational education	1

22.	The Great Leap Forward (GLF) campaign in China focused on	
	(Choose the correct alternative to fill up the blank)	
	(a) Widespread industrialisation	
	(b) New agricultural strategy	
	(c) Privatisation	
	(d) Economic reforms	
	Ans.(a) Widespread industrialisation	1
	OR	1
	India is not a member of which of the following regional / global economic groups?	
	(a) European Union	
	(b) BRICS	
	(c) G20	
	(d) SAARC	
	Ans. (a) European Union	1
23.	Identify the correct alternative with reference to the following statement:	
20.	"Between 1966-76, Mao introduced this movement under which professionals and	
	students were asked to work and learn from real life situations prevailing in the	
	countryside of China."	
	(a) Commune System	
	(b) Great Leap Forward	
	(c) Open Door Policy	
	(d) Great Proletarian Cultural Revolution	
	Ans. (d) Great Proletarian Cultural Revolution	1
24.	Workers who are on the permanent pay-roll of their employer are called	
	workers. (Choose the correct alternative to fill up the blank)	
	(a) self-employed	
	(b) casual	
	(c) regular	
	(d) hired	
	Ans. (c) regular	1
	OR	
	Jobless growth leads to unemployment because	
	(Choose the correct alternative to fill up the blank)	
	(a) Labour refuses to migrate	
	(b) Labour is very expensive	
	(c) Growth rate is low	
	(d) Growth is due to technological development	
	Ans. (d) Growth is due to technological development.	1
25.	Read the following statements carefully:	
25.	Statement 1: In both India and Pakistan, the service sector has been emerging as a	
	major source of development.	
	Statement 2: Amongst the neighbours of India, China has the highest life expectancy	
	rate.	
	In light of the given statements, choose the correct alternative from the following:	
	(a) Statement 1 is true and Statement 2 is false.	
	(b) Statement 1 is false and Statement 2 is true.	
	(c) Both Statements 1 and 2 are true.	
	(d) Both Statements 1 and 2 are false.	1
	Ans. (c) Both Statements 1 and 2 are true.	
26.	Read the following statements carefully:	
40.	Statement 1: India announced its First Five Year Plan in 1951.	
Ì	Statement 1. maia announced its l'ilst l'ive Teal Fian III 1751.	

_		
	Statement 2: India, Pakistan and China adopted economic planning as the core	
	development strategy.	
	In light of the given statements, choose the correct alternative from the following:	
	(a) Statement 1 is true and Statement 2 is false.	
	(b) Statement 1 is false and Statement 2 is true.	
	(c) Both Statements 1 and 2 are true.	
	(d) Both Statements 1 and 2 are false.	1
	Ans. (c) Both Statements 1 and 2 are true.	
27.	Production of diverse varieties of crops rather than one specialized crop is called (Choose the correct alternative to fill up the blank)	
	(a) diversification of crops	
	(b) diversification of agricultural production	
	(c) diversification in sectors	
	(d) diversification of employment	_
	Ans. (a) diversification of crops	1
28.	Interpret the given picture, on account of current environmental challenges:	
	PAUMINIA MINING THE TOTAL PROPERTY OF THE PAUMINIA PROPERTY OF THE PAUM	
	Ans. Deforestation is defined as large scale cutting down of trees for executing developmental projects. It is a serious environmental concern, since it can result in the loss of biodiversity, damage of natural habitats, disturbances in the water cycle, soil erosion etc. Deforestation is also the main contributor to the environmental problems like climate change and global warming. (To be marked as a whole) (Any other valid explanation to be allotted marks) Note: The following question is for the Visually Impaired Candidates only, in lieu of	3
	Q. No. 28:	
	Explain any one current environmental challenge.	
	Ans. Deforestation is defined as large scale cutting down of trees for executing	2
	developmental projects. It is a serious environmental concern, since it can result	3
	in the loss of biodiversity, damage of natural habitats, disturbances in the water	
	cycle, soil erosion etc. Deforestation is also the main contributor to the	
	environmental problems like climate change and global warming.	
	(Any other valid argument/point/explanation to be allotted marks)	
		3
29(a)	Explain the position of informal institutions as source of credit in rural India. Ans. Informal sources of credit in rural India i.e. money lenders and traders generally exploit the landless labourers, small and marginal farmers and by charging a much higher interest rates on loans as compared to formal sources. They also tend to manipulate the accounts which pushes the poor farmers into "Debt Trap". (To be marked as a whole) OR	3

32.	State and explain the condition of Indian agriculture on the eve of independence. Ans	
	 Stagnant agricultural sector -Agriculture sector experienced continued stagnation and deterioration. The primary cause for this was exploitative land settlement system followed under the British rule. Commercialisation of Agriculture – For the benefit of British industries 	1/2+11/2
	cash crops were forced upon the Indian farmers. In place of food crops, farmers started producing cash crops like indigo, jute, cotton etc. (Any other valid argument/ explanation to be allotted marks)	1/2+11/2
		4
33.	Why are less women found in regular salaried employment?	2
(a)(i)	Ans. Less women are found in regular salaried employment in India as such jobs require skills and a higher level of literacy. Moreover, due to a lot of social	3
	constraints, mobility of women is generally restricted.	
	(To be marked as a whole)	
	(Any other valid argument to be allotted marks)	
(ii)	Distinguish between human capital and physical capital.	
	Ans. Human capital refers to the stock of knowledge, skill and ability imbibed in the owner of the same, i.e., human capital is inseparable from its owner. It cannot be sold in the market, only its services can be sold in the market.	1 1/2
	Whereas; Physical capital are the assets (plant and machinery, building etc.), which are	1 1/2
	tangible in nature. It is separable from its owner. It can be transacted in the market.	1 /2
	OR	
(b)(i)	State and discuss any one strategy involved in attaining sustainable development in India.	
	Ans. Mini-hydel Plants- In mountainous regions, streams can be found almost everywhere. A large percentage of such streams are perennial. Mini-hydel plants use the energy of such streams to move small turbines. The turbines generate electricity which can be used locally. Such power plants are more or less environment-friendly as they do not change the land use pattern.	¹ / ₂ + 2 ¹ / ₂
	(any other valid strategy of sustainable development)	
(ii)	Discuss briefly the importance of micro credit programme in rural India. Ans. Micro-credit programmes have emerged to fill the gap in the formal credit system. The formal credit delivery mechanism has not been fully integrated into the rural social structure. Since, some collateral is required, vast proportion of poor rural households go out of the credit network. Micro-credit system has brought these poor households in the ambit of formal credit system by providing them loans at the concessional rate of interest.	3
	(To be marked as whole)

34.	Read the following text carefully:	
(a)	According to NITI Aayog, India has a technological advantage to facilitate digital banks. There is a need for creating a regulatory framework for promoting this. NITI Aayog, in its report titled "Digital Banks: A Proposal for Licensing and Regulatory Regime for India", offers a template and roadmap for a digital bank licensing and regulatory regime for a country. India's public digital infrastructure, especially Unified Payments Interface (UPI) has successfully faced this. With Aadhar, India is at the cusp of operationalizing its own open banking framework. This demonstrates that India has the technology stock to fully facilitate digital banks. Digital banking allows a user to set up automatic payments for regular utility bills. Digital banking enables fund transfers to reduce the risk of counterfeit currency. By promoting a cashless society, digital banking restricts the circulation of black money. On the basis of the given text and common understanding, answer the following questions: Which institution has been replaced by NITI Aayog in India? Who is the ex-officio	
(a)	Chairman of NITI Aayog?	
	Ans. Planning Commission has been replaced by NITI Aayog.	1
	Prime minister is the ex-officio Chairman of NITI Aayog.	1
(b)	State and discuss any two main advantages of digital banking. Ans: Two main advantages of digital banking are:	
	(i) Cashless Society: By promoting a cashless society, digital banking restricts the circulation of black money. Since all transactions are routed through banks, it eliminates the use of unaccounted money.	1/2 + 11/2
	(ii) Convenience: It enable users to set up automatic payments for regular utility bills. Thus, it provides a convenient method for customers to settle payments.	1/2 + 11/2
