	be zero after delibration and discussion. The remaining answer books meant for
	evaluation shall be given only after ensuring that there is no significant variation in
	the marking of individual evaluators.
6	Evaluators will mark( $\sqrt{\ }$ ) wherever answer is correct. For wrong answer CROSS 'X"
	be marked. Evaluators will not put right ( $\checkmark$ )while evaluating which gives an
	impression that answer is correct and no marks are awarded. <b>This is most common</b>

  - Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.)

Half or a part of answer marked correct and the rest as wrong, but no marks awarded.

- While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks
- Any unassessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously
- The Examiners should acquaint themselves with the guidelines given in the "Guidelines for spot Evaluation" before starting the actual evaluation.
- Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.

	Two disadvantages of divisional structure:  i) Conflict may arise among different divisions with reference to allocation of funds and further a particular division may seek to maximise its profits at the cost of other divisions.  ii) It provides managers with the authority to supervise all activities related to a particular division. In course of time, such a manager may gain power and in a bid to assert his independence may ignore organisational interests.
